Please list which standards you felt this VC addressed:  
Geography 7.3B

Would you recommend this videoconference to another teacher?  
Yes, Grade 6 loved this conference

Any other comments: We were surprised that the young, middle school students knew so many of the early groups and singers of rocks and roll. The discussion by John Goerhke ,of the cultural phenomenon of the particular decades, was excellent. He discussed segregation, the Vietnam War, and the assignations of the 60s.
