**Date: February 22, 2006**

Currently, Inservice 2006 is in the planning stages. In order to help you plan your summer vacation, please be advised that the week starting August 14, 2006 has been scheduled for Inservice. Please keep these days available on your calendar. Since we are only in the planning stages, we are unable to be more specific at this time. Due to extensive construction at California University, Day 1 of Inservice must be scheduled at an alternative site. Tentatively, August 16th-22nd will be held at California University of Pennsylvania from 8:30 AM to 4:00 PM. As per terms of the current IU Education Association Contract, we are planning a 186-day work schedule for the teachers and paraprofessionals, 196-day work schedule for the social workers and 214-day work schedule for the psychologists with 5 additional days for years 1, 2, and 3 employees.

As soon as more definite plans have been completed, you will be notified.
